

## PTSA Reflections Program 2017 Theme "Within Reach"

We are excited for our students to participate in PTSA's Reflections Program this year!! All students K-8 were introduced to our Reflections program this week. Reflections is a nationwide arts enrichment program that is a great opportunity for our students to express their creativity and be recognized for their talents. K-8 students can submit original pieces of art in any of the following 6 categories: Literature, Visual Arts, Photography, Musical Composition, Dance Choreography, and Film Production. Only original pieces of artwork, completely done by the student, and **inspired by the theme** are acceptable. One piece per category can be submitted. Guidelines and Entry Forms are available on the PTSA bulletin board, in the 9.22.17 Friday Notes(attachments), on our CCC K-8 Website in the A-Z index under permission slips or by going to:

We are offering **free after-school workshops** to support students as they begin their Reflections projects or if they need any assistance with their Reflections projects. Please return the permission slip below if your child is interested. Please check all workshops that you would like your student to attend.

**Remember: ALL Reflections Submission are due on Friday, October 20th !!**
