Committee Updates:

H&W committee:

All hands on deck! Health and wellness night is Friday Jan 24th 5:30-8:30.

The first part of the evening will be break-out sessions (spinach cook-off sampling, Skoop and Locavore sampling), Tai Chi, Mental health wellness, and (maybe) indoor gardening for leafy greens. The second half of the evening will be our fundraiser movie in the gym One Mountain, the documentary of one man's dream to ski the Grand Teton.

\$5 gets you a seat to watch some extraordinary videography by Jimmy Chin and funds go directly to Health and Wellness efforts such as Mileage Club and H&W night prizes.

This is not only for school-folks, but friends and community are welcome to come and participate. We will be needing people to watch their inboxes for a sign up, particularly clean up, as the building must be vacant by 8:59p.m.

I am looking for help with trackers for Mileage club (Kinder and some Fridays at lunchtime) as well as general help coordinating events.
