Principal report

CMAS results going home tomorrow for grades 4-8. School results now and individual results will come later. CCCK8 did not score well, but we must understand we are setting a new baseline and scores cannot be compared to other tests from previous years. Ms. Brown will put resources on the school website after individual results go out and perhaps explain to parents that there is no cause for panic despite alarming scores. Adjustment time was expected.

Family partnership survey – underway and due December 16th

January Meeting Update

Ms. Brown would like to use the C3AC and the shared meeting time in January for a special budget meeting.

2015 - 2016 Goals (to date):

We challenge ourselves to:

- Have Eagle Eyes volunteers present at least 70 school days under this new male participation program before the end of this school year. When men are involved in school, children learn more, perform better in school, exhibit healthier behavior, have fewer discipline problems, are more likely to participate in extracurricular activities and enjoy school more.
- Offer at least one new and different method of fundraising than those we have offered in the past. Taking advantage of a year that the school has more discretionary funds than usual, we will experiment with at least one new method of raising funds to support the ways that we typically need to support the school. These funds are critical in most years to fulfill the mission of the CCCK-8 PTSA of bringing enrichment opportunities to the school and supplies for the teachers or facility. As part of this goal, we could explore different kinds of events, formal raffle / bingo capabilities or other alternative fundraising means. This opportunity may replace one of the other fundraising efforts we usually have offered in the past, but we commit that we will not fulfill this goal through finding another product to sell.
